The country

In my opinion the country is in a very nice status and not in that much trouble with other countries, also we have a very special nature with fjords and mountains surrounding us.

We live in a city by the sea, that's kinda normal in Norway because the main-land is mostly covered by mountains.

My school

I am a student on Blindheim junior highschool and I attend 9th grade now.

In our grade we are deviden in to two teams and we are five different classes, it is three classes in team 9ABC and two classes in team 9DEF.

I am going to 9B and we are the smallest class in our school.

My school is one of the nicer schools in Norway actually, beacuse it just got fixed some years ago.

Aalesund

This is Aalesund and since we live by the sea we actually rarely have much snow.

But that's good because the fjord is most beautiful when it is not frozen.
